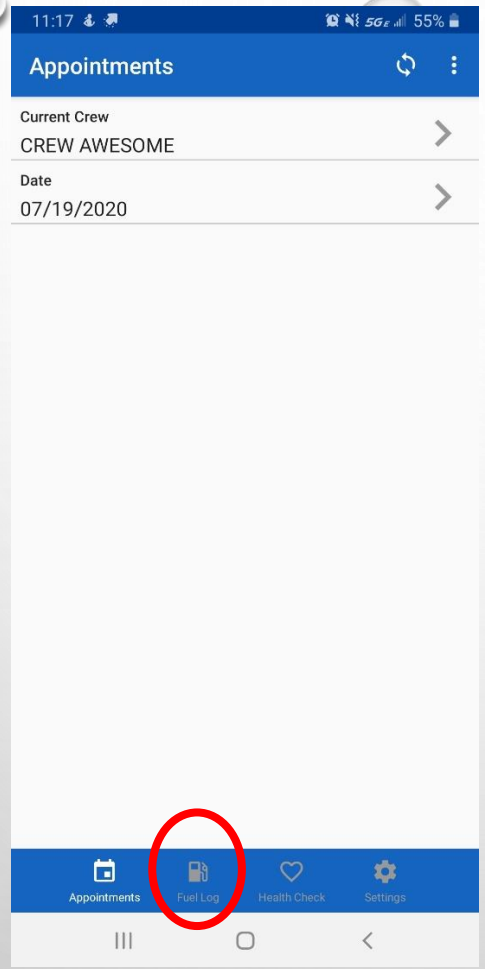
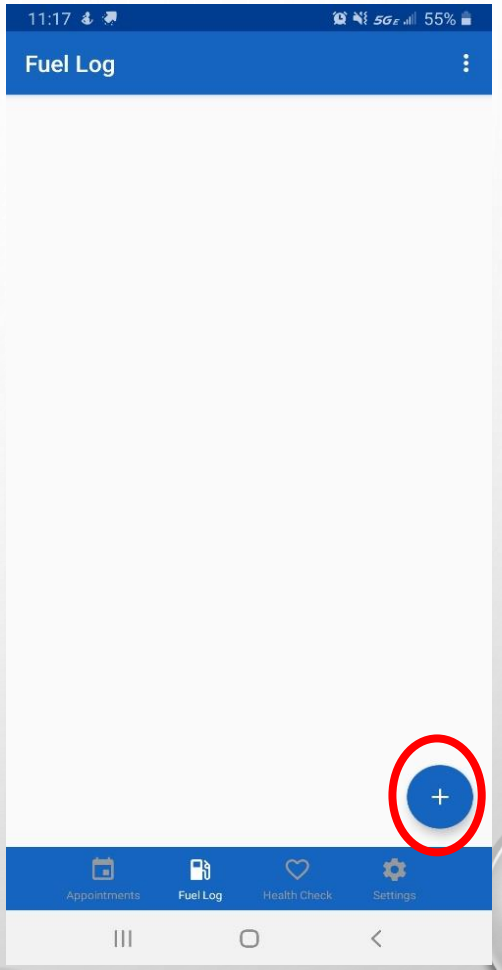
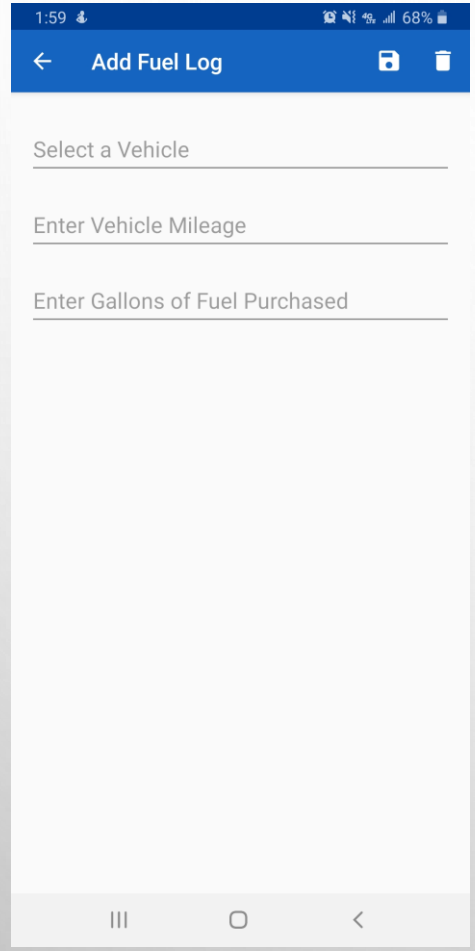
Crews can now record their fuel logs, on their ServTraq app. After logging into the app, click on the fuel log button at the bottom of the App



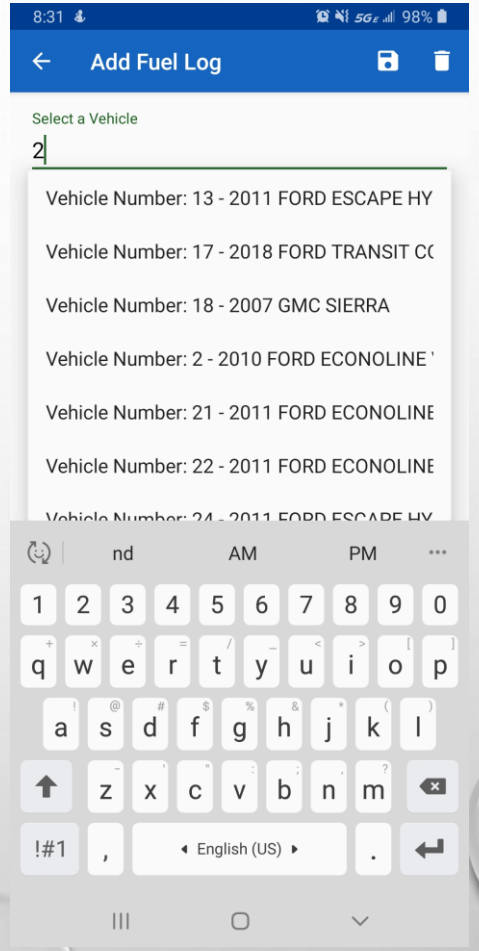
This will take you to the fuel log page. From here tap the plus icon to add a new entry



Select the vehicle, enter the mileage and gallons of fuel purchased, click the floppy disk icon to save your entry



As you start typing the name of your vehicle, ServTraq will attempt to predict the name. Select the correct one



The vehicle list on the Desk top, contains all the vehicles that collect fuel logs. It is from this list that the fuel log allows you to select your vehicle. Click on the description to see details and logs
